OUR WORLD

A Magazine of Understanding

INDEX

April, 1922, to March, 1923

Volumes I and II

Explanatory Note

For the convenience of OUR WORLD readers all articles appear in the index in three ways. First, by the title, second by the author's name, third by the country with which the article or story deals. For example, the first article is listed under the author's name "Olivia Rosetti Agresti," also under the title "Farmers' World League at Rome" and also under the country "ITALY."

As the pages of OUR WORLD are numbered separately each month, each page number is preceded by an abbreviation of the month when the article appeared. For example, the first article listed and which shows F 42 at the right, was published in February on page 42. The complete key to the abbreviations is as follows:

Ap—April	Ju—June
Au—August	Mh—March
D—December	My—May
F—February	N—November
Ja—January	O—October
Jl—July	S—September
